

STRIKE ON 49 ROADS IS NEAR--LA CROSSE TO BE AFFECTED--MANAGERS TRY TO WARD IT OFF

L. E. TAKES FIRM STAND NOW

Arbitration of All Points Involved of a Strike Is Their Final Word Today

THREE ROADS HERE ARE HIT

Firemen and Enginemen on C. M. & St. P., C. & N. W. and C. B. & Q. Are Affected

Should a general strike of the Brotherhood of Firemen and Enginemen be ordered the two lodges in this city with a total of about 200 members would be affected. Today the members here state that if a general strike order is issued the local men will be forced to join the strikers. This would tie up the roads leading into the city as the members of the lodges are employed on the Milwaukee, the Northwestern and the Burlington lines.

"There are about 200 members of the local lodges in this city," said one of the officers this afternoon. "The two lodges are composed mainly of Milwaukee and Burlington men and we would have to obey a strike order."

WHAT STRIKE MEANS

Number of railroads affected 49.
Mileage (approximately) 144,000.
Number of men immediately affected, 27,000.
Monthly pay of men affected, \$1,600,000.
Employees affected, firemen, "wipers," and all yard men.
Principal roads affected: Santa Fe, Northwestern, Alton, Burlington, C. M. & St. P., Rock Island, Colorado Southern, Great Northern, Illinois Central, M. K. & T., Northern Pacific, Oregon Short Line, O. R. & N., Frisco, all Southern Pacific lines and Union Pacific.

POINTS IN DISPUTE
General wage increase averaging 12 1/2 per cent.
Following two rules governing working condition:
"Any engineer, fireman, or boiler feeling himself aggrieved may be represented before the proper officials of the company by a committee of engineers of his own selection."
"Promotion of firemen to be engineers and the establishment of the late of seniority shall be in accordance with the rules agreed upon by the company and the regular accredited representatives of firemen and such representatives shall be recognized in disputes that may arise in the application of these rules."
The railroads refused to arbitrate these two rules.

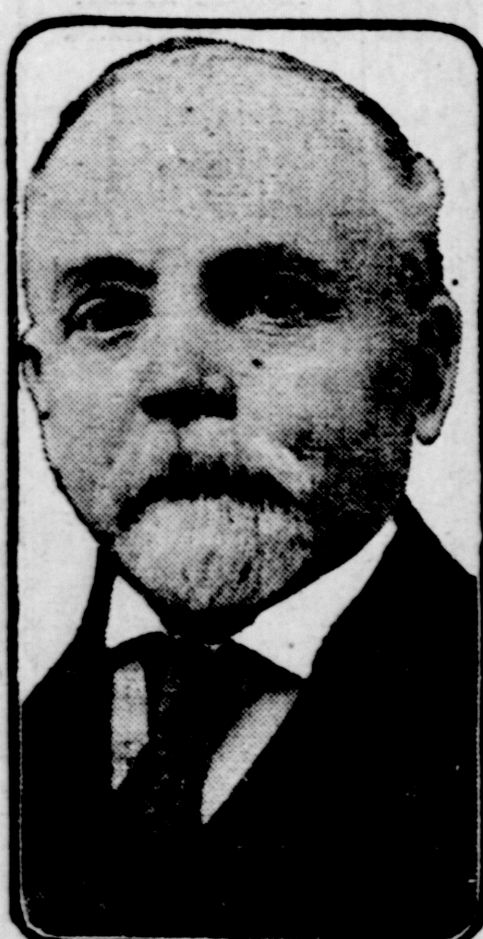

CHICAGO, March 15.—President Carter of the Brotherhood of Locomotive Firemen and Enginemen announced to the newspaper men at 2:45 p. m. that the firemen probably would accept mediation by Commissioners Knapp and Neill in an effort to avert a strike of firemen on 49 western railroads.

WASHINGTON, D. C., March 15.—The western railroads which are threatened with a strike of firemen today appealed by wire to Chairman Knapp, of the Interstate Commerce Commission, and Commissioner of Labor Neill for mediation under the Tolson act.

The request was signed by the general managers committee on behalf of all the roads interested. The government mediators at once telegraphed to the Chicago committee representing the firemen asking their acquiescence in the mediation proposed. A reply is expected in the course of the day.

It is stated that unless through mediation or arbitration, the strike can be averted, 25,000 men will go out within 24 hours after the strike order is issued.

Messrs. Knapp and Neill have replied that they have accepted the

STUDENTS TO TEST DAIRYMEN'S STOCK

La Crosse County Farmers to Benefit, as No Fee Is to Be Charged for Tests

Hereafter ten La Crosse County Agricultural college students, who have passed a rigid examination which thoroughly qualifies them for the work, will have charge of cattle testing throughout La Crosse county.

This announcement was made this morning by Health Officer Anton Murphy who has completed such an arrangement with Supt. A. A. Johnson of that institution.

"Some of the veterinarians did not do their work to satisfy the health department," said Mr. Murphy, "so we decided to put the work in the hands of the agricultural college. It will all be under the supervision of Supt. Johnson, and we feel certain that the cattle testing will now be done right and that the work can be depended upon. The superintendent and his students will take up this work have agreed to make no charge for the services during the remainder of the present year, and thereafter the charge will be very nominal. By this arrangement farmers throughout the whole county can have their testing attended to immediately, and by testers thoroughly competent to do the work. There will be enough of the students qualified, so that no farmer will have to wait to have his work done, and the students can be sent around to any part of the county upon call. We believe this plan will be most successful. It meets with the approval of the local authorities and this department, and I am certain the state will approve it."

Ten Pass With Honors
Supt. Johnson of the Agricultural college gave a rigid examination to fifteen of the students selected from the eighty boys attending the school, and all of them passed. However, only the ten with the highest markings were selected for the work. State Veterinarian Clark had promised to come to make the examination but was unable to be here so the test was given by the superintendent.

"I feel certain my test was even more rigid than would have been given by Dr. Clark," said Supt. Johnson this morning, "and all of these boys are thoroughly competent to test cattle for tuberculosis at any time. We are taking a great interest in the work, and expect Dr. Clark may come here at a later date to examine others among the student body who desire to take up this branch of the work. Some of our boys will be ruled out on account of the age limit, but we have many who will be competent to test the dairymen's stock."

From the present date testing of dairy herds throughout the county will be in charge of the students' corps, according to Health Officer Murphy.

KELLOGG FLAYS OIL TRUST HARD

Trust Buster Delivers Powerful Appeal Before the Supreme Court of the United States

WASHINGTON, D. C., March 15.—"Give the trusts the power to combine, the power to cut prices, and the trusts of this country will control every industry in ten years—in five. Remove the fear of the law, and they will do it."

This was the statement made by "Trust Buster" Frank B. Kellogg before the supreme court of the United States today, in his argument for the dissolution of the Standard Oil company.

"It is only one step," he said, "from universal socialism—and from that only one step to universal anarchy."

"Do I deny that those in the Standard Oil company have ability?" he asked. "Certainly not. They have ability of the highest order. But they have waved the black flag on land as others have on the ocean."

This denunciation was called forth by the statement of Attorney Milburn that the Pacific coast oil company controlled by the Standard was a model corporation. Kellogg then showed that that very company destroyed competitors by selling oil at far below cost, while in other locations where it was supreme in the field it has so boosted prices that,

MRS. J. F. RUSSELL DIES FROM STROKE

Well Known North Side Woman Expires After Second Stroke of Paralysis

Mrs. Alida A. Russell, wife of John F. Russell, 1909 Kane street, died at 2:25 this afternoon at her home of paralysis and hemorrhage of the brain. She was 63 years of age and was a native of Sweden.

Two years ago Mrs. Russell suffered a stroke which effected her left side. Sunday evening the second stroke rendered her right side helpless and the brain hemorrhage following caused her death today. Mrs. Russell had been a resident of La Crosse for many years and was well known.

She leaves nine children: Charles H. Lead, N. D.; John A., of South Dakota; William F., employed at the La Crosse Cracker Co.; Archie L., of Oak Park, Ill.; Ruell E., employed at the National bank; Elsie R., of La Crosse; Mrs. J. A. Williams, Chicago; Mrs. George H. Hale and Mrs. M. J. Seickel of Brooklyn, N. Y.

according to Kellogg, "it is no wonder that it is the most prosperous of the Standard Oil companies."

THRONGS FLOCK TO COURT ROOM

Only Two Jurors Selected Today Owing to Strong Prejudice Against Prisoners

MRS. SAYLER FALLS IN FAINT

Famous Murder Case Is Attracting Wide Attention Owing to Its Mysterious Features

WATSEKA, Ill., March 15.—The intense feeling against Mrs. Lucy Saylor, Dr. Wm. A. Miller and John Grunden, charged with the murder of banker J. B. Saylor of Crescent City, is causing the selection of a jury to hear the case to take up much more time than had been first anticipated. When court recessed at noon but two veniremen had been found acceptable to both sides. They are Richard Cotter, farmer, and David Schoettel, carpenter. Although nearly a score of veniremen were examined nearly all were prejudiced, some saying they could not be convinced that the accused were not guilty of the murder of Saylor.

Mrs. Miller, wife of the doctor accused of the murder and whose relations with Mrs. Saylor are said to have caused the shooting, again sat beside the woman defendant and chatted pleasantly with her. Dr. Miller sat with his back to his wife throughout the early proceedings.

W. O. Saylor, brother of the slain man, who has spent months gathering evidence against the accused, sat with the state's attorney and entered suggestions frequently during the examination of veniremen.

When the prisoners left the jail this morning under the escort of deputies, they were booed and hissed along the route by crowds of indignant citizens.

The state announced this morning that Ira Grunden, Mrs. Saylor's brother, will not be prosecuted. The state avers that Grunden was sleeping off the effects of a debauch and his acts after the killing are legally excusable considering his relation to John Grunden and Mrs. Saylor.

She Faints at Word
During the examination of veniremen Mrs. Saylor almost swooned when for the first time she heard the prosecutor say the jury would be asked to hang her. She quickly regained her composure, however, and expressed the greatest confidence in her acquittal. Saylor belonged to several secret societies and the veniremen are being questioned closely along these lines.

Weast to Appear
It is now said that Peter Weast, the Peoria millionaire, and his wife who are regarded as important witnesses, will appear before the trial ends. Mrs. Weast is Mrs. Saylor's sister. The defense will rely greatly on their testimony as Weast is expected to testify that although Saylor was supposedly rich, he kept him from insolvency for years and practically supported the family. Weast's gifts to Mrs. Saylor amounted to thousands, it is said. Besides a valuable riding horse he is said to have given her the fine tract of land near Peoria and during the Paris exposition took her to France for three

CAPT. C. H. RAWLINSON RESIGNS COMMAND OF COMPANY M. HERE TODAY

CAPT. C. H. RAWLINSON

A VETERAN OF 18 YEARS TO RETIRE

Gives Up Post Because Its Demands Upon His Time Are Too Exacting

LIEUT. FOWLER SUCCEEDS

First Lieutenant Hale Gives Way to Teacher, who Is Also a Spanish War Veteran

HAS A SPLENDID RECORD

Capt. Rawlinson Has Done Great Service in Company that Achieved Distinction

Following his resignation which he sent in several days ago, Capt. C. H. Rawlinson of Company M, today received from Adjutant General Boardman an order relieving him from further service, together with instructions to turn over all the property of the company to Second Lieut. F. H. Fowler, upon whom it is ordered that the command of the company now devolves.

The company was turned over to Lieut. Fowler because First Lieut. George H. Hale, the ranking officer, expressed the wish that he be not asked to accept the responsibility. It is understood further that Lieut. Hale will waive promotion when the time for the election of a successor to Capt. Rawlinson arrives.

The reason assigned by Capt. Rawlinson for his resignation is that his military duties made too great a demand upon his time, a burden which is added to by the activity necessary at this time in the efforts of the company to secure a new armory.

It now devolves upon Col. Orlando Holway to call for a meeting of the company to elect a successor to Capt. Rawlinson, and it is said there is no doubt that Lieut. Fowler will be chosen.

Eighteen Years in Service.
Capt. Rawlinson was a member of the old Gateway City Guards, and became a militiaman when that company was mustered into the National Guards in December, 1892, so his military service extends over eighteen years. At the time of his resignation he ranked near the head of the list of active captains. He has served through all the degrees including corporal, sergeant, acting quartermaster and acting first sergeant and second and first lieutenants, and upon the return of his company from the Porto Rican campaign of the Spanish-American war, in which he participated as a sergeant, he was elected captain of the company Dec. 29, 1903 to succeed Capt. E. H. Chamberlain. During Mr. Rawlinson's service as its captain, Company M ranked at the top or near the top as a shooting company, having made state and national records, and at no time until last year did the company fall as low as sixth place in shooting among the companies of the state. In spite of the fact that shooting companies seldom rank high in the drills, Company M has

GUARDS DEPEND ON ACCEPTANCE

If Council Sells School for \$7,000 Bid Troubles of Militia Will Be Over, Says Holway

COUNCIL ACTION DOUBTFUL

Many of the Alderman Favor Helping Militiamen, but Others Think City Should Keep Site

Acceptance of the bid of the Governors Guard association of \$7,000 for the old Second district school site, by the city council which must decide, is just now a decision upon which Company M of the National Guard is depending for its continuance.

"If the council accepts this offer of the guards," said Col. Orlando Holway, of the Third regiment, this morning, "it certainly will be a long step in the direction of solving the troubles of the local militia. Of course I am not prepared to say just what will be done in the event of either acceptance or rejection of the bid, but I feel certain if the bid is accepted it will end our troubles."

The colonel declared he thought, even though the council had not decided its course, by the time of the U. S. inspection here in April, that the fact the militia had such a deal in prospect, will be ample to satisfy General King and that no immediate effort would be made to remove company M from this city, even though the matter was not then definitely disposed of.

Some doubt is expressed in city hall circles, as to what attitude the aldermen will adopt toward acceptance of the \$7,000 bid for the building. It is known that many of the aldermen are in favor of the sale and feel that some sacrifice should be made by the city to encourage the building of a semi-public auditorium and armory by the militia. The site and building is considered as being worth more than \$7,000, but it is figured by those favoring acceptance of the bid that the difference should constitute the city's contribution toward helping out the militia and helping the city to secure the auditorium.

Some of the more conservative aldermen are said to oppose selling the land for any price, holding out on the proposition of contention that the city may some day need the land for a fire station or some other purpose.

The council will decide whether or not to sell the property to the guards for the proffered \$7,000, at the April meeting, the second Friday in that month.

Miss Baldwin rolled out to the center of the arena dressed entirely in pink, with a wreath of pink flowers in her hair, and a large bouquet of pink carnations in her arms.

The management of the Riverview rink presented the young couple with \$50 in gold, and Hartman Furniture and Carpet Company gave them a \$50 bedroom suite.

FIND CUNNINGHAM IN ANOTHER "ERROR"

CLEVELAND, O., March 15.—In the Cunningham hearing yesterday a letter bearing the signature of Clarence Cunningham, addressed to the registrar and receiver of the United States land office in January, 1908, figured, was introduced. It stated that Cunningham had examined all correspondence relating to the land entries both from the land office, from the special land agents and that he had found everything in order up to that time.

On being questioned concerning this letter Cunningham admitted it was his signature but denied any recollection of the letter. He admitted he had not examined the correspondence as he said in the letter and excused himself by saying that he must have been in error.

The hearing will be continued Wednesday at the New Willard hotel in Washington, D. C.

MINNESOTA AND THE NORTHWEST

MISSOURI RIVER ON ANNUAL TEAR

Bismarck Cut Off; Railroads Out of Commission, Telegraph and Telephone Poles Down

BISMARCK, N. D., March 15.—The steamer Expansion, the largest boat on the upper Missouri, was wrecked and a total loss, two miles of the main line of the Northern Pacific track washed away, dozens of people driven from their homes, the main part of the city of Mandan, seven miles from here, flooded, the Northern Pacific shops at the same place put out of commission by high water, telephone and telegraph wires down and coast trains detained by a round-about route for several thousand miles to get to Mandan, just 7 miles from break up of the Missouri river in this section Sunday morning. On the Bismarck side of the river there has been but little damage done.

At Mandan when the wires went down at 11:15 yesterday morning, water was in the main street of the business section. The basement and first floors of the leading hotels, the wholesale grocery houses and the Northern Pacific shops were flooded.

Deer and rabbits were a common sight on the streets of this city last night, hundreds of them being driven from the bush along the river bottoms by the high water.

There has been no loss of life thus far and the property damage is estimated at \$60,000 with the waters rising rapidly.

GIFFORD PINCHOT NOT TO SPEAK AT ST. PAUL

ST. PAUL, Minn., March 15.—Gifford Pinchot, chairman of the National Conservation Association and former chief forester of the United States will not deliver an address before the Minnesota conservation congress this week. What ever doubt on this point may have lingered following the receipt on Sunday of a telegram from Mr. Pinchot, saying that he would be unable to attend the Roosevelt banquet Saturday night was set at rest yesterday when Gov. Eberhart received positive word from Mr. Pinchot that he cannot come.

Richard A. Ballinger, secretary of the interior, left Washington yesterday and will reach St. Paul tomorrow morning. His stay in the city will be brief and he plans to leave on an early train tomorrow night for Washington. Secretary Ballinger will address the 2 o'clock session of the conservation congress tomorrow on "The Public Domain and National Obligations Regarding its Disposition." He will be the guest in St. Paul of Howard Elliott, president of the Northern Pacific.

George Otis Smith, director of the United States geological survey, is accompanying Secretary Ballinger from Washington to St. Paul. He will also deliver an address before the conservation congress.

ENDS HIS LIFE BY SWALLOWING PINS

FARGO, N. D., March 15.—Antonio d'Agostino, an Italian held in the Clay county, Minnesota, jail on a charge of shooting Antonio Sposito, a fellow countryman at Dilworth, three weeks ago, committed suicide yesterday by swallowing pins. Several days ago d'Agostino asked friends to procure poison for him. For a week he had refused to eat, taking nothing but coffee. Attempts to force nourishment were unsuccessful.

Recently a fellow countryman named Salvatore was arrested as a witness. Members of the Dilworth colony asserted that d'Agostino was wanted by the Sicilian government for two murders committed several years ago, and it is believed he feared Salvatore would give testimony against him.

VESSEY TO OPEN IN DAKOTA TUESDAY

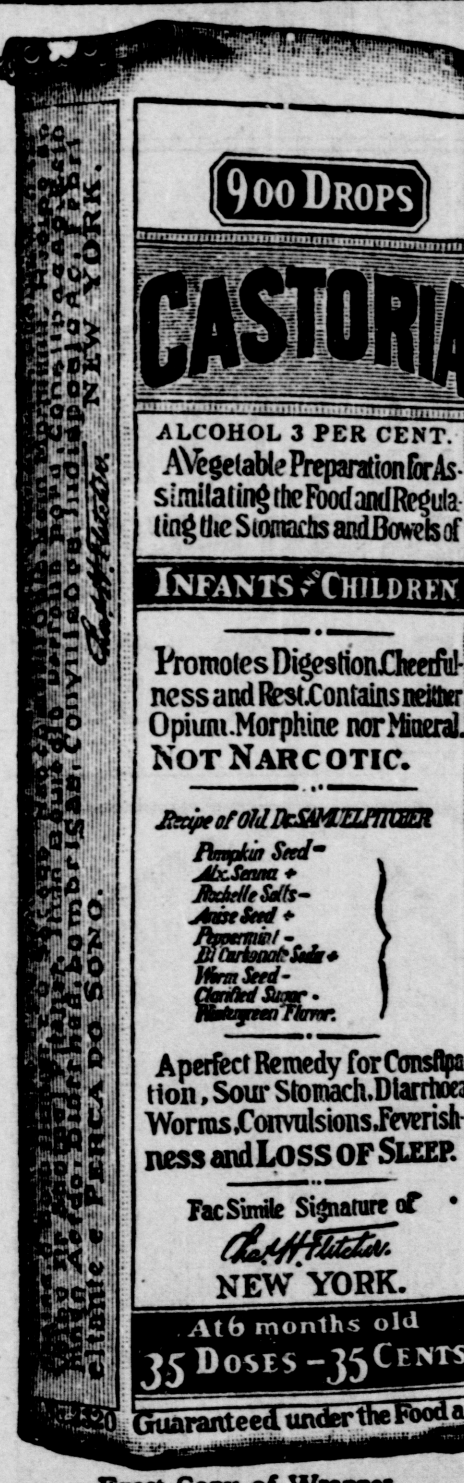

SIOUX FALLS, S. D., March 15.—The progressive republican campaign in South Dakota, preliminary to the primaries on June 7, will be formally opened at Centerville on Tuesday.

The principal speaker will be Governor Vessey, the standardbearer of the progressives in this campaign. As the fight of the stalwart republicans is directed almost wholly against Governor Vessey, it is proper that he should open the campaign for the progressive wing. The governor is anxious to meet the issues raised by the stalwarts, and, it is said, is well prepared to answer the extravagance issue raised against his administration.

WISCONSIN NEWS

CAPT. W. M. LEWIS ON COUNTY OPTION

Candidate for Governor would Meet Issues Squarely; Believes in Allowing Voters the Decision

MILWAUKEE, Wis., March 15.—Number 1, Volume 1, of the Lewis Bulletin, published "every so often," has made its appearance in the interests of Capt. William Mitchell Lewis as a candidate for the republican nomination for governor.

In the initial issue in a signed editorial headed "Stand Up and Fight," Capt. Lewis takes occasion to set forth his ideas upon county option and other issues again.

He charges that the Milwaukee home rule and the binder twine plant propositions were killed by the foes of the county option in the last legislature, and that the lobby at Madison united on the destruction of these bills.

Proposes Open Fight
Treating the county option proposition as an issue pressing for settlement, Capt. Lewis says in part:

"Its exponents and opponents have been engaged for two campaigns in a bitter struggle for the control of the legislature.

"To attempt to dodge an open fight on this question is neither wise nor courageous.

"As a candidate for the republic-

"The other class has little concern about the affect of a county option law upon the liquor business, but is fearful of what will be its own political fate.

"The first class includes brewers, distillers and saloonkeepers. "The second class is made up of those politicians who are afraid of the brewers and saloons.

Let Majority Decide
"Others may be in favor of the saloons, but the average American citizen is willing to submit his case to the people and to abide by the will of the majority, whether it be a question of licensing saloons or amending the constitution.

"There can be no real progress in Wisconsin until the saloon problem has been divorced from other issues. Forced to fight in the open there can be no alliance of long duration or effective operation.

"Let us fight in the open.

"The people have a right to what they want in government.

"County option would not enlarge the right of the people, but rather enlarge their opportunity to express their will."

THE HOMECOMING

Why is a Homecoming?
Now that La Crosse is about to have one, and particularly because citizens must foot the bills, it is necessary to analyze the plan, to approximate the results and compare them with the cost. By this method the thing is put at once upon a business basis.

Results possible for individuals cannot be estimated, excepting in a few cases in which conditions make accurate deduction a matter of simple arithmetic, but the advantages to be derived by classes of business are apparent.

However, at this time it may not be advisable to go into the division of profits. Let us, rather, attempt to approximate the total financial benefit a Homecoming will bring the city, be it divided as it may be.

Here are some speculative items, conservatively estimated, upon which there is every reason to believe the public may depend, as to attendance of non-residents and their expenditures:

July 4th, attendance, 5,000; average expense, \$3; total \$15,000.

Average attendance for week, 2,000; average per capita expenditure for week, \$25; total for week, \$50,000.

Four hundred who stay a month

spend on average, exclusive of first week, \$25; total for month, \$10,000.

Two hundred who stay three months spend on average, exclusive of first month, \$50; total, \$10,000.

This makes a grand total of \$85,000 which will be left in La Crosse as a result of the Homecoming. Of this, figuring conservatively, at least \$30,000 will be net profit. It will take 10 per cent of that amount, or thereabout, to finance the Homecoming. What are business men going to do about it?

These figures are conservative as to attendance, amount spent here and proportion of profits. In a canvass of a single block in which fifteen families dwell, it was found that nine guests are expected to take advantage of the Homecoming, and that not one of them was expected to stay less than two weeks. Three out of the nine would spend the summer here. While this block may be above the average, we believe a canvass of the city would show that it is not so out of proportion to the rest of the community as to be seriously misleading. This is the condition now, at the beginning. The number who gradually decide to come, as the event is advertised from day to day, will increase materially during the coming months. The Tribune believes that THIS HOMECOMING WILL LEAVE \$100,000.00 IN LA CROSSE.

A GREAT PROJECT

The success of the drainage project of Capt. W. A. Thompson is of considerable importance to La Crosse, and people here will hope for the successful outcome of the enterprise.

Cities are fed largely by the productive farming areas about them, and the addition of 8,000 acres of fertile farming lands to the field contiguous to this city means an enhancement of business that will materially affect this city.

One important factor is the encouragement the reclamation of the Trempealeau valley lands will give to projectors of interurban roads. The unproductive stretches of swamp lands between here and Winona have been one serious drawback to the building of interurbans, and conversely the addition of this rich tract will mean business for such lines and increased prosperity all around.

The decision in New Jersey that the packers must turn over their books to aid the grand jury that is probing the cost of living, with the purpose of showing arbitrary control of prices by the meat trust, is a judicial precedent that is bound to be valuable. The time is near when men cannot break laws and bury the evidence under the claim that the books containing it are private property, or be given immunity for turning them over to the courts. It would be as just to say that a burglar's tools cannot be used as evidence against him because they are private property, or that by surrendering them to the court he shall become immune from punishment.

Heike, the secretary of the sugar trust indicted for complicity in false weighing by which the government was defrauded out of millions, has "won a notable victory" in his fight for immunity.

The coming of him from Elba is casting a shadow before. Baboon and Hottentot were not more worried at his going than are some human-devil fish at his coming.

The insurging of Senator Elkins is the worst blow the standpatters have sustained since Dolliver crossed to the progressive shores and burned his bridges.

Modernism

"Where are you going, my pretty maid?"

"I'm going first to Smith and Jones to match a piece of ribbon, then to Jones and Smith's to get a dozen hairpins. Next to Jones Bros. to look at those darling little baby-pins, after that to Smith Bros. to look for some of those nine what-do-you-call-'ems, and then to the hairdresser's, sir, she said."—The Purple Cow.

THE POWER OF STEAM

Many May See But It Takes Genius to Realize

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery. Recent scientific research has put its finger on the "cause" of Dand-ruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Indian Hair

Always Youthful in Appearance

It is said that nobody ever saw a gray haired Indian. No matter how old an Indian may be, his hair is always black and lustrous. This is because the Indian's outdoor life and active habits keep the roots of his hair well supplied with natural nourishment, necessary to the life and lustrous beauty of the hair. Gray hair is simply an indication of lack of nourishment at the roots. The moment this nourishment is supplied where it is needed it is quickly absorbed by the hair and in this way prevents, indefinitely, the hair turning gray. One of the most potent remedies for gray hair is known as HAY'S HAIR HEALTH. Almost all druggists carry it in stock or can procure it. It is very effective in restoring gray hair to its natural color, being exceptionally rich in vitalizing hair nourishment. Not a dye, a hair food. Philo Hay Specialties Co., Newark, N. J., U. S. A. SPOTLIGHTS

DAVID WARFIELD

What are the qualities that have brought David Warfield and "The Music Master" such large success?

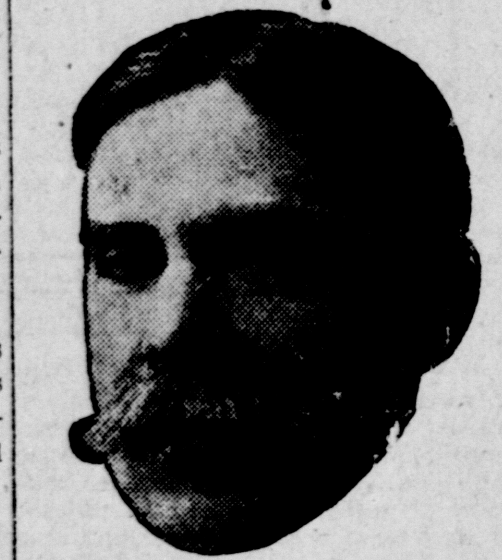

First of all, it must be admitted that this play by Charles Klein would be impossible without the great art of Warfield. It is Klein's message—or perhaps it is Belasco's—that holds the public's ear, but it is Warfield's rare art—real, undisputed genius—that wrings its heart. Without that particular message Mr. Klein submits, without the human note "The Music Master" sounds, but with another less agreeable, Mr. Warfield would be fully as artistic, but his acting would not be so "popular." For instance, in Warfield's vehicle of last season, "A Grand Army Man," he revealed tremendous tragic powers, and created a character as artistically fine as "The Music Master," but "A Grand Army Man" was more tragic than it was hopeful, and although more powerful, the public did not enjoy it so well as the tenderer comedy to which Mr. Klein has attached his name.

Although "The Music Master" is elemental in its emotional appeal, unclouded by a subtle psychological mist, Mr. Warfield's art is so perfect and noble, that the play, with its technical fault passes unscathed, the critical scrutiny of the cultivated eye.

This is the actor whom David Belasco "discovered" and he is the actor theater goers of this city will at last have an opportunity of seeing at the La Crosse Theater tomorrow night when he will appear in his most successful play, "The Music Master," the tender, sweet comedy of humanity.

SWIFTER THAN AIRSHIP

In the list of the really great attractions today, none stands higher than that of Lyman H. Howe's Travel Festival to be at the La Crosse Theater on Saturday and Sunday, March 19 and 20th. Though it has been before the American public for over 15 years, it is only within the past three years that it came into its own as it is proven by the great crowds that daily attended it for the past few months in the finest theaters of the biggest cities. Its popularity is attended everywhere. In Philadelphia, at the Garlick Theater, it was presented 150

The Crying Question

I fear I am behind the times,
Yes, sadly out of date,
I take scant interest in woes
Of which my sisters prate.
I do not vote—I'd rather not.
My "rights" away I fling;
We have a man at our house
To do that sort of thing.

No sufferings of suffragettes
Can rob me of my sleep;
But this is what I want to know
Which kitten shall we keep?

For when our Pussy Willow brings
And places on the floor
In front of me (as who should say,
"Dear Mistress, here are more!")
Five kittens, each a fluffy love,
So innocent and dear,
And only one may bid with us
I really feel quite queer.

Then do not ask me if I vote,
Or broach a problem deep;
Just tell me, oh, kind some one,
Please,
Which kitten shall we keep.
—Woman's Home Companion.

Establishing His Veracity

Not everybody can prove his claims as a truthful citizen right at the moment his veracity is questioned.

But listen to this. Attorney W. S. Fitzgerald and a number of other local republicans were sitting at the banquet table down in Dayton not long ago, on the occasion of that big republican harmony thing.

The crowd had run shy of small talk while waiting for the first course and Fitzgerald was telling the story about the man who sat right next to him at another republican banquet and put cream and sugar in his consommé, thinking it was coffee.

"Au, rats, Fitz," put in one of his neighbors. "What kind of a bunch do you eat with, anyhow. There are still a good many yaps scattered around, but I guess none of 'em wear clover in their eyebrows and most of 'em know the difference between coffee and consommé nowadays. Please don't spring any more of that Munchausen stuff of yours."

Fitzgerald was unable to convince them that he was giving it to them straight. Just then an act of Providence came to the rescue of his veracity. He nodded across the table. The latter was in the act of putting sugar and cream in his consommé.—Cleveland Plain Dealer.

Bishop Routs a Boaster

On one occasion, when traveling along the west coast of Africa with an old skipper who had known many missionaries, but "did not see the use of them," Bishop Taylor-Smith was obliged to endure a string of taunting questions, such as "What was the good of spouting at 'Exeter hall'?" and "What did missionaries know, anyhow?"

At last the bishop could stand it no longer. Turning to the skipper, he said: "I know you are an expert. Can you tell me the length of an alligator's tongue?"

"Certain," was the reply, "but it depends on the length of the alligator."

"Very well, then, say an alligator 15 feet long. What would be the length of its tongue?"

"Three feet," was the answer.

But the bishop, who had kept alligators and watched their ways, knew better. "It is evident that you are an authority on the west coast of Africa," he said, "but it is also evident that some people see more in ten minutes than others in twenty years. Let me tell you that an alligator has no tongue."—Rochester Herald.

Omissions of History

John Hancock, first signer of the Declaration of Independence, was about to affix his autograph to that immortal document.

"Of course," he said, "in regular and proper alphabetical order my name ought not to come first, but by his majesty, King George, probably will pronounce it 'John Hancock,' anyhow, and the effect will be the same.

Thereupon he appended his signature, and anybody who doubts the literal truth of this story is referred to the Declaration itself.

Breakfast! Here was something to be "understood of the people." Carson was famishing. Swallowing the yellowish "summation of all villanies" presented tearfully by Mr. Evans, he took the arm which Craighead ceremoniously offered, and walked down a broad stairway ornamented with potted palms, and through a spacious lobby, in which a clerk behind a desk, a platoon of bell-boys, and groups of ordinary citizens, clothed, and apparently in their right minds, imparted an impression almost amounting to a guarantee that the place was only a hotel. They entered a cafe, where Mr. Craighead moved to a table already half occupied, with a familiarity born of use.

"I bring with me, gentlemen," said he airily, to two men who had preceded them, "a fellow-lover of the horus nocturnus. Greet him with the grand hailing sign!"

"They do, Mr. Bascom," returned Mr. Craighead; "but, thank whatever gods there be, they can't cure them! What they lack here is sense of humor, Mr. Bascom. Let me introduce my friend Mr. Carson-Wylie, of Piccadilly."

"Glad to meet you, Mr. Carson-Wylie," said Mr. Bascom, stirring his soft-boiled eggs; "and I hope they do you as much good here as they have me."

"Thank you," replied Carson. "But the fact is—"

"But me no buts," broke in Craighead. "I think I may venture, among friends, to say that Mr. Bascom is our most popular freak. He had read the seventy-fourth Rubaiyat which saith:

"'Drink! for you know not whence you come, nor why!
Drink, for you know not why you go, nor where!'

—and made a whole-hearted endeavor to follow its teachings. He succeeded in the realization of the Tent-Maker's inability to state whence he came nor why, why he went, nor where, or, in fact, whether he was going or coming. But in the matter of financing further obedience to Mr. Omar's bibulous teachings, he was, to coin a phrase, up against it. Hence, he marketed the plugs in his teeth. Mr. Bascom is passionately fond of Khayyam."

"Never under no such fancy name," replied Mr. Bascom gravely; "but I've been fond of most everything that would make the drunk come."

"That includes Khayyam," responded Craighead.

"It was this way," went on Bas-

Mrs. Edwin V. Webb, wife of Congressman Webb of North Carolina, who is considered one of the best dressed women in Washington.

com. "If you're a periodical, Mr. Carson-Wylie—"

"I assure you," asserted Mr. Craighead, "that in London, where Mr. Carson-Wylie is forced to live in order to keep his hyphen healthy, he is rated in the best asylums as a periodical."

"Then you will understand," resumed Mr. Bascom, "that, after being drunk in Peoria for six weeks I was in kind of bad shape. Clothes gone; took both hands to get a glass to my mouth; kicked out of places; had some fits—ever have a whisky fit?"

"Never!" cried Theodore.

Mr. Bascom was a venerable-looking man with a William Cullen Bryant beard and a lofty forehead. To see him looking so like a poet and hear him discourse of his debaucheries, sickened Theodore. But Mr. Bascom continued like another Ulysses telling of windier wars than those of Troy.

"The tortures of hell," said he, "are vaudeville skits to 'em. I had sold my sample cases—I was traveling out of Bloomington for Fuller & Fuller—"

"How appropriate!" ejaculated Craighead.

"And," went on Bascom, "hocked everything loose. Now, when those whisky fits come on you have to have to have booze. I had made friends with a highwayman, and he loaned me a little dirk, stood by to keep me from cutting my throat, while I dug the gold out of my teeth, sold it, and accounted for every cent. He was a good feller for a highwayman."

"That shows," interposed the fourth man, "how we jags are forever hangin' by a tow string over the edge of hell, an' makin' bets whether it'll burn off or not! I tell you, I shavah—"

"I join in the shiver," said Craighead. "I often—I beg your pardon; Colonel McGilvray, permit me to make you acquainted with Mr. Carson-Wylie, of Belgrave Square, London. Colonel McGilvray is the scourge of his home county, Mr. Carson-Wylie, and is here being denaturalized."

"I'm right pleased to know you," said the colonel. "And I want to encourage you to stick when you get out, Mr. Carson-Wylie. I am not—if Mr. Craighead will allow me—the scourge of my county; but my kin thah feared I was gittin' so I could shoot single-mindedly while seein' double, an' they all presented a petition, suh, askin' me to come hyah; an' I'm hyah as a public duty."

the Institute, and the maze of fanciful misrepresentations of Mr. Craighead. So he listened and thanked them. A man with locomotor ataxia said that he was ten years younger since coming—and went away, carefully calculating at every step just where he would put his feet next, and invariably setting them unexpectedly elsewhere. A distinguished appearing personage was pointed out as a railway president taking the cure at the request of his company. Another had wasted six fortunes in succession. That fine-looking man had been here before and relapsed through the accidental taking of Jamaica ginger, while ill. And a jewelry salesman pointed out Craighead as a mighty bright fellow who was crazy and wouldn't observe the rules, and would be fired by Doctor Witherspoon. Carson felt that he should never, never stand in need of further admonition to temperance than the memory of this Sargasso Sea of the derelicts of drink.

"There's a new fellow here," said the jewelry man. "I haven't seen him; but he came in stinking paralyzed last night, and was found boozing with Craighead in the greenhouse this morning. Seen him?"

ROBERGE STARTS A NEW INDUSTRY HERE

A. J. Roberge, formerly member of the board of public works, has been elected president and secretary of a new company which will open for business in La Crosse in a few days.

The new concern will be known as the La Crosse Wrecking company, and will do a general wrecking business as well as deal in all kinds of second hand lumber and building materials. Property has been leased north of the Wisconsin Pearl Butte company's plant on North Third street, and a big lumber yard will be opened here immediately.

Already the company has secured several large contracts, the most recent one being the wrecking of the large elevators at Wabasha, Minn., all of the lumber from which will be brought to La Crosse.

ARITHMETIC AND FOOD School Children Must Be Fed Right

A young girl in Ind. says no one has a better right to speak of Grape-Nuts food than she. "I was in school, but in poor health, until Mama began to give me Grape-Nuts food. I began to improve at once, both mentally and physically, and I improved so in my work at school that I got 100 in arithmetic and during that time I gained 3 or 4 pounds in weight. "There is no one has a right to recommend the food more highly than I. Mama neglected to supply it for about three weeks, and I began to fail in health again, so I commenced the use of the food over, and now I don't intend to do without Grape-Nuts on the table. "It is well for parents to know that Grape-Nuts food contains selected elements from the grains, prepared and cooked in such a way as to present these food elements so that they can be quickly digested and assimilated; the phosphate of potash obtained from the field grains, and contained in Grape-Nuts unites with the albumen of food to quickly rebuild the gray matter in the nerve centres and brain. "It is of the greatest importance that growing children and students be given food that sustains both brain and nerves. "Read 'The Road to Wellville,' found in pkgs. 'There's a Reason.' "Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest."

STRIKE WOULD AFFECT THE CITY

Unfounded Rumor Today that Strike Had Been Ordered Last Night; Interest Awakened

An unfounded rumor that a general strike of the B. of L. F. and E. had been ordered spread like wildfire about the north side today but investigation at the offices of the local roads dispelled the illusion. It was stated by many people on the north side that the local members of the Brotherhood of Locomotive Firemen and Enginemen had been ordered out but prominent members of the order in this city brand the report as false.

The strike, however, is imminent and liable to break at any moment unless some arrangement is reached between the warring factions. The relations between the forty-nine western roads and the order have become so strained in the last few days that a strike is the only solution according to reports from Chicago.

According to prominent officials of the road, the order would not affect the Milwaukee system, Superintendent Bush having made an agreement with the men. The truth of this report, however, could not be ascertained.

An increase in wages is only one of the many things which the men are asking for, and they are even more insistent that the managers concede them the right to be represented by a committee of their own men in the application of seniority rules than they are for the wage advance. An increase of 25 cents a day on passenger engines and 25 cents on freight engines, on an average of 12 1/2 per cent advance is the final demand of the firemen.

An official of the fireman's organization last night said: "We hope for an amicable settlement, but at the present moment it looks more like a strike. It won't be long until the crisis is reached."

NORTH SIDE IN BRIEF

Mrs. J. J. Rouse, 1402 Charles street, has returned from a trip to Chicago.

J. Evans, 1308 Caledonia street, is suffering from a dislocated shoulder, the result of a fall.

Miss Maude Fuller, 1220 Avon street, is confined to her home by illness.

Mrs. J. F. Russell, 1909 Kane street, is critically ill.

J. J. Ritter, 926 Avon street, spent Sunday with friends in Milwaukee.

Mrs. James Williams of Chicago has been called to the city by the illness of her mother, Mrs. J. F. Russell.

Mr. and Mrs. Mathias Ritter, 1122 Charles street, are the parents of a baby daughter, born March 9.

Mr. and Mrs. John Peterson, 1507 Avon street, are the parents of a little girl, born at their home March 8.

The rumor on the north side today that a general strike of the B. of L. F. and E. had been ordered seems unfounded as no strike order had been issued at Chicago.

EACH ACT A CRIME

WASHINGTON, D. C., March 15.—That the penalty imposed by the 24 hour law for transportation of cattle on railroads may be assessed for each separate violation or shipment was the substance of an important decision today by the supreme court of the United States in the case of the Baltimore & Ohio Southwestern against the government, affirming by a divided court the decision of a lower tribunal.

Real Patriotism.

Patriotism does not consist solely in voting right, speaking right and giving right counsel to one's neighbor, though all these things help. It may demand personal sacrifices in public service. That is, perhaps, the highest test in many cases. The juryman who is glad he has been drawn and who even pulls wires to secure a place on the panel is rarely, if ever, a good juryman. The justice of the verdict must depend upon those who give cheerful service, knowing that for the time being it will be at the expense of their private interests. As positions rise higher in the scale of responsibility the same rule holds.—New York Evening Post.

STRIKE QUIET NOW; DELIVERY GOES ON

PHILADELPHIA, Pa., March 15.—An order of the Central Labor Union to mill men, wagon drivers, ice men and others, who deliver the necessities of life in this city to quit work until the demands of the street car strikers are granted has been issued but was not obeyed generally today. Some men quit but most of them stuck to their jobs and there was no general hunger strike.

The city is quiet today following last night's riot in which cars were stoned, shots exchanged between police and rioters and many persons so badly clubbed that they required medical attention.

A canvass of the city indicates that most of the men who struck last week are still out, but business men generally claim the worst of the strike is over and that business will promptly return to normal.

FIRST OF FAIR SEX TO SIT ON UNITED STATES SUPREME COURT BENCH

HENRIETTA WELLS.

WASHINGTON, D. C.—The fight of woman's rights is surely bearing fruit. A few women have been honored by being elected to the state legislature where equal suffrage prevails and it is even proposed to send one to the United States

senate. The colleges and universities are turning out women, proficient in law, who are taking their places in all forms of legal practice, but it is left for a three-year-old lassie to have the honor of being the first to

sit on the United States supreme court bench.

Little Miss Wells of Boston, granddaughter of Justice Brewer, is the one who was thus honored. It occurred a few days ago when she and her mother were visiting the supreme court. As soon as Justice Brewer saw them he left his place on the bench for the seats reserved for the families of members. When he started to return to the bench the child innocently followed him and when the associate justice saw her, he took her on his knee and for the first time in the 120 years history of the court a girl sat on the United States supreme court among the dignified justices.

Henrietta is a bright, friendly little creature, with a smile for everyone who comes her way. Despite her tender years she has quite an extensive vocabulary, as befits a young miss of Boston. She is very pretty, with large blue eyes and fair hair.

SOCIETY

BIRTHDAY SURPRISES

Mrs. T. S. Dahlgren was pleasantly surprised at her home yesterday afternoon by a number of her friends, the occasion being the anniversary of her birth. A social time was enjoyed by all, the guests coming well supplied with refreshments. Those present were Mesdames R. Anderson, Engaas, Lee, Lier, Risberg, A. Spillum, Knudson, Erickson, Gudenschwager, Madison, Braathen and Marquet. Mrs. Dahlgren was the recipient of a beautiful vase.

On Saturday afternoon the Washington and Autumn "500" clubs surprised Mrs. Robt. Braun at her home, in honor of her approaching birthday. Five hundred was played and after a bounteous lunch, Mrs. Braun was presented with a half dozen Haviland China plates and the prizes were awarded the following ladies: first, Mrs. Theo. Roehr and Mrs. Geo. Rubert; second, Mrs. George Ott and Mrs. P.

ALL EAT OF SICK CHICKEN

School Head Says Today He
Has No Doubt Many Diseased Hens Are Consumed in La Crosse

Knowledge gained at the corn course at the La Crosse County Agricultural school saved a well known La Crosse county farmer and his family from eating a diseased chicken for their last Sunday dinner.

"This farmer," said Superintendent A. S. Johnson of the college this morning, "had been instructed during his attendance at the school as to means of finding symptoms of tuberculosis in chickens, hogs and cattle. Therefore when he killed and cleaned the hen for his Sunday dinner he knew what it was when there were tubercular affections in the liver of the chicken. The bird's body was brought to the school yesterday and upon examination we verified the suspicions of the farmer that the fowl was diseased."

"I think," continued Prof. Johnson, "that this is a good illustration of the benefit to be derived by farmers and others by attending the courses offered at the school, as every farmer should be fortified with information which should enable him to detect disease in his stock."

"Furthermore, there is no question," said Prof. Johnson, "that there are any number of diseased chickens sold and consumed by people of La Crosse and LaCrosse county all the time. If we can instruct the farmers of the county against letting diseased fowl be sold this condition would be eliminated. As it is, it is certainly very dangerous to health."

Denny and Mrs. Frank Wickman captured the consolation.

MRS. SIMPKINS ENTERTAINS

Saturday afternoon twenty-five ladies from West Salem were entertained at cards by Mrs. H. G. Simpkins at her home on King street. The party returned home at 9 o'clock after spending a delightful afternoon. Among those present from the city were Mrs. William Torrance, Mrs. Lee Asplin, Mrs. Clarence Johnson, Mrs. Julius Fix, Mrs. L. A. Palmer and Mrs. John Richmond.

Railroad Wreck Averted by Boys

Quite a little hero is Harry Hunter, a 12-year-old boy of Olympia, Wash., who saved a heavily loaded passenger train from a disastrous wreck one day lately. Hunter and Sam Burrows, a boy of the same age, were walking along the right of way, about two miles east of Olympia, when they discovered a broken rail which left an opening in the track several feet long. Knowing a passenger train was due to pass soon, the boys determined to give warning. Hunter started up the track in the direction of Tacoma, and Burrows started toward Olympia, both running at top speed. Hunter had proceeded but a short distance when he discovered the train bearing down upon him. Seizing a handkerchief he waved it frantically. For a time it appeared the engineer would not heed his signal, but the train eventually began to slow down and was brought to a stop within five feet of the broken rail. Passengers and train crew lionized the boy hero and took him aboard the train.

If the devil were cast out of most men there wouldn't be anything left.

Blitz—Blatz, I see you have your cough entirely lost which you so long had.

Blatz—Yes, I took that great cough curer what is called Gray's Yerba Santa. Do you know what is it?

Blitz—Yes, I don't know.

Blatz—How can you be so ignorant and yet live? Everybody who can read has already heard of this great cough curer what exists now, and you claim you know nothing of it?

Blitz—Yes, I never knew it.

Blatz—Well Blitz, you now go to Beyschlag's Drug Store, 503 Main street, and get a bottle of it for your wife, who now that fearful cough has, and watch how quick it cures her, and you will never forget that name Gray's Yerba Santa.

Blitz—Yes, I will go and get it now; how much do they charge for it?

Blatz—Fifty cents.

Blitz—Thank you. Goodbye.

POLICE AFTER ASH THROWERS

Many Careless Citizens Are
Making Spring Clean-
up Most Difficult
Job

Unless certain careless citizens cease to throw rubbish, ashes and other refuse into the streets, there will be several cases in the court for violation of the ordinance covering this matter, according to a statement of Chief of Police John Webber this morning. The officer declares that in many instances where some citizens and the city workmen are trying to clean up the streets others will dump ashes and refuse into the driveways and retard the work greatly.

The offense is punishable by a fine or imprisonment, and Chief Webber declares he will start prosecutions unless the practice is stopped.

MISS HARRISON IS ENJOYING ROME

Alfred Harrison, United States court commissioner, has received a postal from his daughter Miriam, of this city, who is traveling in Europe.

Miss Harrison writes from Rome, where she will remain for the next two weeks. She declares that she has never felt so well in her life, and has so much to do in seeing all of the sights that her time is entirely taken up. Before arriving at Rome the party spent two weeks in Florence and a similar length of time in Venice. She writes interesting and descriptive letters of her travels.

SPECIAL MEETINGS AT BAPTIST CHURCH

Services conducted by the pastor and members of the First Baptist church congregation began last evening with a good attendance and much interest for the success of the meetings. HIDES MANY MILES CASE POSTPONED

But Rev. E. Turmo who is to appear in Will Case Gets Part of Expense from Attorneys

Because a witness subpoenaed to be here at the hearing of the Evenson will case, which was to have been argued before Judge Higbee in circuit court yesterday, was not informed of the postponement of the action, and traveled all the way from Hillsboro, N. D., to this city, it will cost the attorneys who had the case continued a neat sum for the continuance.

Rev. E. Turmo of Hillsboro, N. D., spent three days time in coming to La Crosse, going from North Da-

kota to St. Paul and from there to this city. When the action was postponed Saturday, the court ordered the attorneys asking for postponement to pay all witnesses as well as the sum of five dollars court costs.

Rev. Turmo will be recompensed for his actual expenses and receive \$1.50 as witness fees, but can not recover the mileage or time spent before he reached the Wisconsin line.

Attorney W. F. Wolfe, representing Attorney Bentley who was unable to be present, today paid over to Attorney James Thompson \$23.50 which will be paid over to Turmo. The case will come up April 5.

ICE MAY LAST REST OF WEEK

Rivermen Predict it will Go Out Before March 20, Judging by Condition Now

ONLY FOUR RAFTERS LEFT

Excursion Steamers and Packets will Furnish Most of Business on Mississippi This Season

Rivermen here forecast the ice will "go out" before the end of the present week. In front of La Crosse the channel is clear, as is more than half of Black river, and below this city, at Burlington and Quincy, little ice is left. It is expected all ice but that in Lake Pepin, which always is a week longer in disappearing, will be gone by next Sunday.

Each year revives the talk of old rafting days on the Mississippi, but it remained for 1910, the year following the "Deep Waterways" excursion of the president, to practically finish the steamboat traffic that once was the most important business of the Mississippi valley. This year there will be but four raft boats in the business between St. Paul and St. Louis, and hardly twice that many packets where once there were hundreds of both sorts of vessels.

Each year the traffic has dwindled until now there remains but a pitiful remnant of the once formidable fleet of steamboats that furnished the only means of transfer of large quantities of freight for millions of people.

Only Four Left in Raft Trade.

When the 1910 season opens up, and that will be as soon as the ice goes out this spring, four boats of the old fleet will take up the remnants of the rafting business. The Clyde, under Captain Ike Newcombe, will raft for the Standard Lumber company of Dubuque; the Ben Hershey, under Captain Andy O'Dea, will raft for the Burlington Lumber company; the Lydia Van Sant, under Captain George Trombley, will raft for Sam Atlee of Fort Madison, and the North Star, under Captain Joe Boisson, will raft for the Tabor Lumber company of Keokuk. That will comprise the entire logging fleet.

The Diamond Jo line, which once ran all its steamers all the time, will only run three boats this year between St. Paul, La Crosse and St. Louis. The Quincy, under Captain Maurice Killeen, and the St. Paul under Captain Con McGee, will take the long trip from St. Paul to St. Louis, while the Dubuque, under Captain William Burke, will take the short trip from St. Paul to Keokuk.

Pleasure Boat Retired.

The pleasure boat Frontenac, owned by Laird and Norton of Winona, will not be operated this year. Only one of the pleasure fleet will remain, the Calitan, with its barge Markana, owned by Mrs. Charles Deere of Moline. This boat will be in charge of Captain R. H. Trombley.

Two short line packets will be in commission, the Eclipse, under Captain E. J. Lancaster, which will ply between Dubuque and McGregor, and the Carnival City Packet company's boat which will be under Captain Blair and will ply between Quincy, Keokuk, Burlington and Davenport.

The steamer J. S., which has been running in the excursion business out of New Orleans all winter long, will be in commission in the excursion business this summer up and down the whole river, and the W. W. will also run in the same business. Out of St. Paul the steamer Purchase and barge will ply in the excursion trade under Captain Wm. McCraney.

MILLION DOLLAR TRAMP IS HERE

La Crosse is today entertaining the famous "Millionaire Tramp" Dr. Ben Ridder, who is making a tour of the world studying prison reforms and charity, and he is about to deliver a lecture here this evening, the result of his researches.

Because Dr. Ridder has been confused with Dr. Ben L. Reitman, the "King of Tramps," a Chicago professional, college graduate and advance agent for Emma Goldman, anarchist, Dr. Ridder announces he has no connection with him. He declares that he hates anarchism and refuses to be classed with the bomb throwers.

Speaking to a representative of The Tribune today, Dr. Ridder said as follows:

"In the past eleven years I have spent \$1.28 cents for railroad fare. For five months I traveled with Jack London through the west; have inaugurated seven National Hobo conventions in the past eleven years, assisted by Frank Howe of St. Louis. I have been arrested 602 times and served sentence 82 times. The longest sentence imposed was four years in the Walla Walla state penitentiary in Washington for writing a slanderous article in an independent newspaper about Senator Louis Ankeny of California. At the end of five months, however, I was pardoned by the governor."

COMMISSION MIGHT RELIEVE

But State Law Must Give Initiative, Referendum and Recall to Safeguard the Public

Editor La Crosse Tribune:

"The powers that be" seem to regard the people of this city as a deaf and dumb taxpaying aggregation created only for the purpose of furnishing the coins to be squandered according to its own notions on foolish expenditures. Once in a while the people are given an opportunity to vote on a question and then its decision is entirely ignored. Now would it not be time to let these autocrats be reminded that our municipal government is supposed to be a democratic institution? There has been suggested for us a commission form of government, but say, wouldn't somebody suggest a real government by the people for a change. A government by commission might be all right, if the initiative, referendum and recall goes with it, otherwise it would only establish a worse autocratic rule than at present. The local vote on the municipal lighting plant at the last city election proves that those who favor municipal socialism are in majority in the city, but it seems that the art of organizing themselves for the purpose of backing up their demand is lost and consequently they are ignored.

Our present state law authorizing commission city government is bad, but I understand the next legislature is expected to amend it by inserting a fuller referendum and the recall. This is a step in the right direction, and when it comes La Crosse people who want good government are bound to consider it. But if, in the meantime, relief in existing taxation is to be had the people must display an earnest, determined organized effort towards abolishing all forms of government except that known as the initiative and referendum, the recall included of course. The result of your capitalistic representation.

representative government in La Crosse does indeed present a sad spectacle. With an annual income of about \$500,000 the city finds itself with a debt of over \$900,000. It is queer that we can not make a better showing, when we consider it is always the business interests that come under consideration. As to labor, it is treated as a commodity and willingly submits to it, submits to being bought in the market like pork or other commodities and may be this is the underlying cause of the municipal and national evils. It must not be inferred that La Crosse is any worse off than other cities. The majority of them is probably worse, but resistance against misrule on the part of the average voter is certainly lacking here in La Crosse. The city is a corporation in which every resident voter holds a share. If this corporation had been run on business principles, we could by this time collect our annual dividend from it instead of being compelled to hand over our last cent in taxes.

Rheumatism Comes From Bad Kidneys

Once Your Kidneys Work Properly, Rheumatism, Kidney Disease and Bladder Trouble Disappear.

How to Cure Yourself

It is no longer necessary to spend months and months undergoing a complicated treatment for rheumatism, kidney or bladder trouble, or spend a good many dollars in doctor's bills.

A new treatment can now be obtained which seems to act more like a marvel than a medicine. This treatment has produced such satisfactory results in a short time that it is now guaranteed from first to last.

There should be no more doubt about the rapid cure of rheumatism, no fears of the fatal termination of treacherous kidney disease or dropsy.

Rheumatism means nothing more or less than that your kidneys do not work properly. Your blood passes through the kidneys hundreds of times a day to be filtered and purified. When the kidneys are weak, the poisons are not taken out of the blood as they should be. This leads to various diseases, such as rheumatism, terrible Bright's disease, diabetes, dropsy and bladder trouble.

The new guaranteed treatment is Dr. Derby's Kidney Pills. One day's use of them will prove their remarkable effect. M. T. Ridenour of Lima, Ohio, says: "When I feel bad in my back, I just take a couple of Derby's Kidney Pills and get immediate relief."

If you have rheumatism anywhere, back pains, cloudy, foul urine, pains in the bladder, Bright's disease or diabetes, put your whole confidence in Dr. Derby's Kidney Pills, and you will not be disappointed.

Dr. Derby's Kidney Pills are sold at all drug stores—60 pills—10 days' treatment—25 cents, or we will send them direct from the laboratory of Derby Medicine Co., Dept. 9, Eaton Rapids, Mich., prepaid if you wish. If you want to try them first, just tell your druggist to give you a free sample package.

DETROIT TEAMS BOWL TONIGHT

Records Are Expected to Vanish when They Get on the Alleys; Standings Still Unchanged

DETROIT, Mich., March 15.—In today's bowling in the double and single events of the American bowling congress tournament the last of the visiting rollers will have their try at the prize money. Beginning with tonight, local five man teams will occupy the alleys and tomorrow will be given over entirely to winding up the local doubles and singles.

While surprises are always possible in a bowling tournament it is now thought the leaders in the three events are fairly sure of holding their places. The individual high scores are excellent but those in the doubles and five-man events are not quite up to the high scores made in previous tournaments.

Yesterday's single and double standings were unchanged by the bowling but in the late squad of five-man teams last night the Koko team of New York led 2,321, taking fourth place. The next best five-man score of the day also was made in the late squad by the Rineharts of East Liverpool, Ohio.

PROSPECTS GOOD FOR TRACK TEAM

Highs Hopeful of Putting Out a Winning Bunch Here This Spring for Training

At present, prospects for a winning team at the high school look exceedingly good, in spite of the fact that a large number of last year's stars have graduated or quit. Although the season is still quite a ways off, the boys are taking a lot of interest in track work, and many have been working more or less all winter to keep in condition. In spite of the fact that basketball is still taking up a good deal of attention, the time for the track candidates to report is not far off, and it is certain that when the time comes to begin training, there will be a great deal of material on hand to work with.

Ralph Bradish is captain of the track team, and says that if the fellows will take an interest and train the school will have a good representative in the field. Although such stars as W. Tourtellotte, F. Novak, S. Gordon, F. Roddy, A. Dahlgren have graduated, there is still a lot of good track material left in school, and if they will get out the high school will have as good a team as those of the past two years.

A great many new men have already signified their willingness to report, and it is likely that more will follow their example as the season approaches. Of last year's team, besides Captain Bradish, the following are left: O. Strum, W. Stevenson, for the distance runs; R. Ray, R. Keeler and V. Johnson, for the weights; E. Gund and P. McArthur, for the pole vault.

Some promising candidates are: I. Tiedeman, T. Garder, C. Wiles, A. Dornbach, F. Shaw, A. Hayes and Ed Stavrum. Of these Garder, Wiles and Dornbach have starred in the grade school meets, and are known to possess much class.

There ought to be enough good material in this lot to make a team which will compare favorably with the teams which have been turned out for the last two years. Of course, this squad will not have so many veterans as the teams of former years, but they will be fast enough to make any other school hustle to beat them.

Some of the above mentioned men who were good enough to make the team other years, but on account of scholastic or other difficulties were unable to do so, will be up in their studies this year and be better than ever. Under the coaching of Professor L. P. Benezet and the graduates who come out to watch practice at times, this squad ought to develop into a fast team, and carry off the laurels in the interstate meet, which will be held this year as usual.

While at Madison with the basketball team, Mr. Benezet was asked by the graduates of the high school who are now attending the university, to arrange a meet between them and the present high school team, to take place when they are home this spring for their Easter vacation. It is not known at present whether this could be arranged, as it will be early in the season, and the track would probably be muddy. In addition to this the team would be in no condition for such a meet, as they would not have had enough time for training. However, nothing definite has been decided, but if the meet were to be held, it would undoubtedly create much interest, as it would afford a chance to compare the stars of former years, with the present team.

Rehearsals for the mock trial which is to be given by the Lincoln-Douglas Debating society on March 24th, are being held every night, and it is said by those who know, that the boys are preparing a fine entertainment. The mock trials of the past have always been big successes, and as the boys have had a lot of experience, this one will probably prove the best one ever held.

Some good class games will be played at the high school today, as the senior team, which at present is at the head of the percentage column will play a double header in order to finish their schedule. If they win both contests, they will be practically sure of the championship, as every other team has lost at least one game.

GRAY HAIRS BANISHED.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy and gradually restored the natural color. One objection to using sage is that it is so hard to make, especially as it had to be made every two or three days on account of it souring quickly. This objection has been overcome and by asking almost any first-class druggist for Wynn's Sage and Sulphur the public can get a superior preparation of sage, with the addition of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair but will also stop the hair from falling out and make it grow. It is sold by all druggists for 50c. and \$1.00 a bottle, or is sent direct by the Wynn Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

For sale and recommended by C. T. Erhart.

REGINA TEAM TO BE HERE APRIL 23

President Rooney Gets Three Dates with Canadian Team which was Here Last Year

President Rooney announced today that three dates had been agreed upon by the management of the Regina baseball team and himself for games to be played here. The visiting team will be here April 23, 24 and 25, this being the first games for Outcasts this year. President Rooney stated today that he would issue a call for the members of the team and the men who have signed contracts to be here April 18 to get in training for the opening of the season. This will give the team about four weeks' work before the opening of the regular season here with Eau Claire on May 11th.

This eliminates the probability of a spring training trip. The locals will do their work at home and it is probable that some other games will be arranged before the season opens to get a better line on the men in action.

La Crosse "Pioneers" The managers of the teams while talking over the question of names for the teams in the Minny league at Red Wing Sunday thought that the following roster would be the best:

Duluth—White Sox.
Superior—Red Sox. (The Superior team has ordered red stockings for this year's uniform.)
Eau Claire—Buttermakers.
Wausau—Lumberjacks.
Winona—Clippers.
La Crosse—Pioneers.
Red Wing—Indians.
Rochester—Doctors.

ATHLETIC TRAINER AT MICHIGAN "U"

ANN ARBOR, Mich., March 15.—Alvin C. Kraenzlein of Milwaukee, Wis., former star of Pennsylvania and Wisconsin universities, who was chosen to succeed Keene Fitzpatrick as trainer of the university of Michigan athletic teams, was perhaps the best all round athlete who ever represented Pennsylvania. Coming east from Wisconsin university with but a fair reputation, under the coaching of Mike Murphy, Kraenzlein developed into a star. His rise was rapid, starting in 1898 at the A. A. U. indoor championships, he virtually began his smashing of existing world's records. Kraenzlein's world's records are:

Running broad jump, 24 feet, 4 inches.
50 yard hurdle, 4 flights, indoor, 7 1-5 seconds.
120 yard hurdle, 10 flights, outdoor, 15 1-5 seconds.
120 yard hurdle, 10 flights, indoor, 15 1-5 seconds.
120 yard hurdle, 10 flights, on turf, 15 3-5 seconds.
220 yard hurdle, 10 flights, outdoor, 23 3-5 seconds.
300 yard hurdle, 10 flights, outdoor, 36 3-5 seconds.
Other notable performances are: Running high jump, 6 feet, 1/2 in. Throwing the hammer, 110 feet. Throwing the discus, 122 feet. Putting the shot, 33 feet. 100 yard dash, 10 seconds. 220 yard dash, 22 1-5 seconds. 440 yard dash, 40 2-5 seconds.

KETCHEL AGREES TO FIGHT LANGFORD

PHILADELPHIA, Pa., March 15.—Fight fans here are eagerly discussing the prospects of a fight between Stanley Ketchel, the champion middleweight and Sam Langford, the Boston "tar baby," which, according to Harry Edwards of the National Sporting Club, will be held before the organization on April 20. It is understood that Ketchel demanded and has been guaranteed \$10,000 as his end of the purse, win, lose or draw. The men will meet at catch weights.

DULUTH LEADS IN ATTENDANCE

Pennant Winners Had a Total of 39,521 at Games; La Crosse at Foot of the List

The official attendance records which were completed and presented at meeting of the magnates of the Minny league at Red Wing Sunday show that the Duluth team lead by a large total of 39,521, with Superior second.

Winona was the third in point of attendance while Eau Claire was a poor fifth with Wausau and La Crosse trailing at some distance.

The official figures as presented to the magnates at Red Wing Sunday are as follows:

Duluth	39,521
Superior	35,709
Winona	31,571
Eau Claire	18,180
Wausau	15,121
La Crosse	14,335

Total attendance 154,437

The Quickest and Simplest Cough Cure

Better than all the cough medicines you could buy, and far less expensive, is a simple remedy that you can make at home in five minutes. A whole pint of it—enough to last a family a long time—costs only 54 cents. It is pleasant to take—children like it.

It will usually conquer a deep-seated cough in twenty-four hours. Two or three doses overcome an ordinary cough. It is also splendid for colds, bronchitis, incipient lung trouble, whooping coughs, etc.

Granulated Sugar Syrup .13 1/2 oz.
Pinex 2 1/2 oz.

Take a pint of Granulated Sugar, add 1/2 pint of warm water and stir about 2 minutes. Put the 2 1/2 ounces Pinex in a pint bottle and fill up with the syrup. Take a teaspoonful every one, two or three hours.

Granulated Sugar Syrup is a simple but excellent sedative. Pinex is the most valuable concentrated compound of Norway White Pine Extract, and is rich in all the medicinal elements of the pine. None of the weaker pine preparations compare with the real Pinex itself. All druggists have it or will get it if requested.

Strained honey can be used instead of the syrup, and makes a very fine honey and pine tar cough syrup.

LOCAL BOYS TRY OUT AT UNIVERSITY

Archie Larson and Frank Novak, graduates of the local high school and both star athletes on past high school track teams, are candidates for the freshmen relay team to be entered at the relay carnival held at Madison next Saturday evening under the auspices of the University of Wisconsin. Both boys are members of the freshmen class. Larson and Novak both had good records in the 440 yard dash when in the local high school, being able to travel the quarter in less than 56 seconds. It would not be surprising to local followers of sport to learn that they both had made the relay team consisting of four men.

WESTON LEADING FOR POOL TITLE

ROCHESTER, N. Y., March 15.—Jerome Koegh, the world's pool champion, faces a serious contest tonight to recover the advantage of 34 points won by his challenger, Charles Weston in the opening game here last night. Weston is showing cleverness and steady nerve and the pool sharks who are following the game declare there is apt to be a new champion when the contest closes.

Koegh led through the first sixteen frames in the opening match with 42 points over Weston, then the challenger began to improve and ended the four hours and a half of play with a score of 205 to 171. Koegh's high runs were 24 and 19. Weston's were 22, 15 and 16.

THE PROGRESSIVE MOVE OF A YEAR AGO

When I moved a year ago it was to improve myself and my work so that I might progress.

Your demands have made it necessary for me to add another room to my suite and I have fitted it up to handle my work better.

I have found folks who cared for their eyesight did not want "cheap stuff at cheap prices," but wanted to know what I knew about the eyes and their needs.

The quality of my work has improved and quality of the material used improved.

My offices are rooms fitted up for doing eye work, giving me the best facilities optical science can produce.

It has been a pleasure to do work here and meet people where I could satisfy the most critical.

TWENTY MILE RECORD BROKEN

Ljungstrom Runs the Distance in 1 Hour, 50 Minutes and 58 3-4 Seconds at New York City

NEW YORK, March 15.—Hand it to those Swede runners again. Today it is Gusta Ljungstrom who is getting the praise for his record breaking performance in a 20 mile professional race at Madison Square Garden last night when he ran the distance in 1 hour, 50 minutes, and 58 3-4 seconds, beating the record made by George Crossland of England in 1894.

Early in the month Thure Johansen, a teammate of Ljungstrom, broke the record for the Marathon distance but he showed no such running form as that displayed by Ljungstrom.

Ljungstrom ran in a field of eight of the best long distance men in the country and won as he pleased, finishing two and a half laps ahead of Paul Acoose, the Indian.

Johansen was a starter in the race but his weakened ankle gave way in the sixteenth mile and he was forced to quit.

E. WESTON 72 YEARS AND STILL HIKING

KINSLEY, Kansas, March 15.—Edward Payson Weston, is 72 years old today and is quietly celebrating the event at a point nine miles from here after having covered a mile for each year in his life yesterday. Weston is now six days ahead of his schedule in his walk from Los Angeles to New York. The aged pedestrian spent Sunday at Ingalls, 27 miles west of Dodge City. Starting early Monday morning he set out to establish a new record for a day's walk and arrived in Kinsley at 7:30 in the evening. At Kinsley, the people presented him with a gold watch and Weston proceeded on nine miles further so as to make his 72 miles for the day. Weston says he is in excellent condition.

HYLAND-BALDWIN BOUT VERY TAME

KANSAS CITY, Mo., March 15.—Fight fans here are not claiming the championship for either of the men as the result of the ten round bout between Dick Hyland and Matty Baldwin of Boston, last night. Hyland came out of the fight without a scratch. Baldwin had a little cut over his left eye. Altogether it was a tame affair, with little real fighting. The bout was declared a draw.

WOMAN GOLFER SMASHES RECORDS

Miss Isabelle Smith, Who Broke All Women's Records on Coronado Links CORONADO, Cal.—In the first match round of the sixth annual competition for the women's golf championship of the Coronado Country club on the links here, Miss Isabelle Smith of Evanston, Ill., and the Anandale Country club, Pasadena, champion of Coronado last year, broke all women's records and beat the men's bogey for this course, making two rounds in 39 and 38, a total of 77. The men's bogey is 78.

This is a feat rarely accomplished by a woman on any golf course. Her opponent, Mrs. E. R. Williams, also of the Anandale Country club, returned a splendid score, 42, 42, total 84, but was beaten 4 up and 3 to play.

JOHNSON TRAINS AT CHICAGO HOME

To Rig Up Gymnasium Near the Lake; will Go to the Coast Later for the Big Grind

CHICAGO, March 15.—"I'm not going to spend a half year to get into condition for Jeffries and then get rusty before the big doings on the coast July 4," said Jack Johnson, heavyweight champion, today in outlining his plans for his set-to on the coast with Jeffries.

Johnson, who is resting up today after his spill from his auto while enroute over muddy and snowbound roads near Racine, Wis., said the fresh breezes from Lake Michigan were going to play a big part in his training.

"I am going to rig up a gymnasium in my barn on the South Side," he said. "Roads around here are just as good as on the coast. My training in Chicago will work off a little of the extra weight and then about the middle of May I will leave for Frisco and take up the hard part of the grind. I am in good shape now. You know tugging at an auto is no cinch."

FOREIGN MARKETS

New York Stocks

NEW YORK, March 15.—The stock market was adversely influenced at the opening and in the early trading today by news of the widening of the zone of the labor troubles, as well as by reported change in strike conditions in Philadelphia. Stocks were sold at recessions all around the room at the commencement of business, leading railroads and industrial sustaining losses ranging from fractions to about a point.

11 a. m.—The downward movement in the market became more vigorous in the last half of the first hour with little demand except by shorts. Declines of one point or more were sustained in many issues.

Government bonds unchanged; others irregular.

Noon.—With no special pressure, the market continued heavy under influence of strike news from the west. Shortly after the end of the first hour's trading prices moved up slightly, but before midday these small gains disappeared.

2 p. m.—Further recessions in leading stocks were noted in the afternoon, Union Pacific sustaining an additional loss of one point, carrying its price 3 points under yesterday's closing. Later a firmer tone carried prices back to about the midday range.

The market closed heavy.

Grain Letter

CHICAGO, March 15.—There was firm feeling in the grain trade when markets opened today but a change soon came over the entire grain list when the forecast indicated possibility of light rains for Missouri and Kansas tonight. The map showed dry this morning and the market on first trades firm at \$1.14 1-8 May, \$1.08 July, \$1.05 1-8 September.

About the same moment the forecast was made public indicating a possible change in favor of the growing crop and this started quite general selling and resulted in a break of 3-4 to 1 cent prices first hour. May price dropped to \$1.13 1-2, July to \$1.07 1-8.

When the wheat market had a break this morning corn prices followed. May sold 65 1-4 and off to 64 1-2. July opened 67 to 66 7-8 and weakened to 66 3-8 to 66 1-2. Leading bear house declares that as stocks are the largest in years, prices for these corn futures must eventually work lower.

Oats opened firmer, but the weakness in wheat and corn exerted a depressing influence and prices gradually eased off to a fraction below last night's closing level. Selling was largely by holders who desired to secure profits.

Provisions had a weak undertone.

There was considerable selling of product credited to the account of the Cudahys. This prompted more or less selling by smaller holders. At the decline, brokers who usually act for the packers bought and the prices had some reaction from the low point.

All grain futures slumped badly and closed weak. Provision prices closed from 30 to 45 cents lower.

Open. High. Low. Close.

THESSALY RIOTS IN PROGRESS TODAY

ATHENS, March 15.—Violent disorders are in progress throughout a large part of Thessaly today as the result of the government's refusal to grant the demands of the Christian Greek peasants that the government disposes of the big land owners mostly Turks and Mohammedans and divide their land among the peasants. The peasants have attacked wealthy land owners in several places, killing them and sacking and burning their homes. Land owners are turning their homes into fortresses. It is feared the troops will aid the peasants, as the army league is said to favor the program adopted by the peasants.

There is nothing more expensive than having children and that's why everybody does.

HAIR WHITE AS SNOW

Restored to Natural Color with One Bottle of

WYETH'S SAGE AND SULPHUR HAIR RESTORER

The Only True Hair Restorer, Tonic and Rejuvenator

ALMOST A MIRACLE

My hair was as white as snow when I commenced using Wyeth's Sage and Sulphur Hair Restorer. One bottle restored my hair to its natural dark brown color. As I am now 70 years old, I consider the result most remarkable. It is an agreeable and refreshing hair dressing, keeping the hair soft and glossy, without being in the least greasy or sticky.

WM. WESTLAKE, 210 West Main Street, Rochester, N. Y.

Why hesitate when WYETH'S SAGE AND SULPHUR HAIR RESTORER is daily producing just such results?

After years of study and analysis of the hair, we have been able to produce an ideal Hair Tonic and Restorer, which contains an actual constituent of hair, combined with ingredients of recognized merit for treatment of hair and scalp diseases. It makes and keeps the scalp clean and healthy, gives life, strength and lustre to the hair, and restores faded and gray hair to natural color.

No matter how long and thick your hair is, WYETH'S SAGE AND SULPHUR HAIR RESTORER will make it longer and thicker. It will remove every trace of dandruff in a few days, stop falling in one week, and start a new growth in from one to three months.

These are facts that have been proven in scores of cases. WYETH'S SAGE AND SULPHUR HAIR RESTORER is guaranteed to do all that it is claimed to do or the price will be refunded.

PRAIRIE DU CHIEN.

The question of enforcing the Sunday closing law which has been under considerable discussion in this city during the last few months was the cause of actions being brought Friday afternoon in Justice Chase's court against V. M. Smrcina, manager of the Metropolitan theater, and J. E. Jordan, proprietor of the electric Theater Delight, for presenting Sunday evening entertainments. Both gentlemen plead guilty and they were each fined one dollar and costs.

The funeral of Hon John Haggerty was held at the family home in Ferryville on Sunday, under the auspices of the Masonic fraternity. The interment was at Mt. Sterling. A large number of Masons and others, including the Board of Directors of the Crawford County Bank of which Mr. Haggerty had been a member, attended from here.

Clarence Haggerty passed through the city Saturday enroute to Ferryville from his home in South Dakota to attend his father's funeral.

The high school faculty and students are preparing beautiful and elaborate decorations for the Metropolitan theater on Friday evening, when the Wisconsin Valley League oratorical contest will take place there.

A teachers' institute will be held in the high school rooms on March 18 and 19 by Prof. O. J. Schuster of Platteville, Prin. G. E. Pratt of the county training school at Gays Mills and County Supt. George Burton.

Mr. George Auer of North Clayton in this county, and Miss Minnie Davis were married at the home of the bride's parents in Marshall, Richland county, March 1.

Mr. and Mrs. J. H. Peacock and two children are spending a few days with friends at Rockford, Illinois.

Miss Martha Steinberg, for some years a popular clerk in Grelle's drygoods store, has accepted a position in the dry goods department of the Coffland Bros. department store in Richland Center.

Game Wardens A. E. Storr of Fennimore and William Keeler of Bagley were in the city Friday and Saturday.

Samuel McNabb has recovered from his severe injuries received at the C. B. & Q. pumping station a few weeks ago, sufficiently to be on the street, and is receiving the congratulations of his many friends.

Roy Cole has given up his position as traveling salesman and is again employed in Whaley's furniture store.

Manager J. P. Zeamon has closed his roller skating rink in the Grand opera hall for this season. A series of popular dances will be given there after Easter.

Attorney C. H. Schweizer of La Crosse is in the city on business.

Mrs. M. R. Wells and little son have returned from a visit with friends in Janesville.

J. S. Earll is in Lancaster on legal business.

How to Stop Drinking.

It was formerly customary for the habitual drinker to take the pledge regularly, sometimes once a year, and sometimes in every fit of remorse that followed his debauches, and then—Break it.

But now it is gradually dawning on the world that pledges do not stop drunkenness. The nervous system of the habitual drinker is diseased and he must have treatment that will cure this condition. Orrine is sold under a positive guarantee to cure the drink habit or the money will be refunded. Can be given secretly.

Write for free booklet on the Cure of Alcoholism to The Orrine Co., 573 Orrine Bldg., Washington, D. C. Mailed sealed. Orrine costs but \$1 per box. Sold by I. T. Thart, 518 Main street.

PICKWICK, MINN.

Mrs. Julius Knaak, Sr., left here Monday morning for Summit, S. D., to attend the funeral of Mrs. J. Carroll.

Important to All Women Readers of This Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased. You may suffer a great deal with pain in the back, bearing-down feelings, headache and loss of ambition. Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But thousands of irritable, nervous tired and broken-down women have restored their health and strength by the use of Swamp-Root, the great Kidney, Liver and Bladder Remedy.

Swamp-Root brings new life and activity to the kidneys, the cause of such troubles.

Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, may address Dr. Kilmer & Co., Binghamton, N. Y., and receive sample bottle free by mail. You can purchase the regular fifty-cent and one-dollar size bottles at all drug stores.

PASTOR OF M. E. CHURCH AT ROME

ROME.—The question which is perplexing Rome is will ex-President Roosevelt choose in favor of the M. E. church of Rome or the pope. He cannot visit both, for the same distinction will be made as in the case of ex-Vice President Fairbanks. This is a vital question in Rome and is an interesting one over the entire world.

Over the entrance to the M. E. church there always flies the American flag and the congregation is

REV. BERTRAND M. TIPLE, D.D.

made up almost entirely of Americans. At one time this year Rev. Tiple had representatives from 27 different states in the union in his congregation. As it is an American institution there is considerable ground for believing that Colonel Roosevelt will choose this church of his home land. On the other hand, the pope represents a power in the religious world greater in some respects than many kings possess in the political world.

It is hoped the colonel will find some way out of this embarrassing situation without offending either side.
